

In These Days

Rob Newey

Troubled times
Dark days
These are the days we're living in
Hope gone
Hearts fail
Is this a race we cannot win

In these days we need a hand to lead us
In these days we need a light to guide
In these days will we seek to find an answer
Knowing we can't change our ways?
'Cos in these days we need a Saviour who will save
In these days

*"Dear God
How can You let things be this way?"*
Will we ever tire of blaming Him?
So we say *"Who's gonna take the blame?"*
"Ah! Not me!"
Could it be we're blinded by our sin?

In these days we need a hand to lead us
In these days we need a light to guide
In these days will we seek to find an answer
Knowing we can't change our ways?
'Cos in these days we need a Saviour who will save
In these days

Don't be afraid of those who can
Harm the body but not the soul
Rather fear the One who'll be
The judge of all

In these days we need a hand to lead us
In these days we need a light to guide
In these days will we seek to find an answer
Knowing we can't change our ways?
'Cos in these days we need a Saviour who will save
In these days
